<p>F 0600</p> <p>Level of Harm - Minimal harm or potential for actual harm</p> <p>Residents Affected - Some</p>	<p>On 10/10/2024 at 3:00 PM R4 stated, (R1, R2) were yelling so loud. (R2) was calling (R1) a f***** r***** (expletives) and (R1) was saying the same thing back to (R2). I was sitting at the table in between both of them (R1, R2). I just put my head down and didn't say anything. I put my head down too so I wouldn't get hit because (R2) hit (R1). I was really scared. The staff came over and broke up the fight. I think (R1) started it by yelling at (R3). There was just so much yelling and fighting. It was an awful day.</p> <p>On 10/10/24 at 12:35 PM R5 stated, Those two (R1, R2) were yelling at each other that night (9/24/24). I was surprised to see (R2) yell and hit (R1). (R2) is normally pretty quiet. (R1) got it that night though. It is always loud in the dining room because there are a lot of people who yell out, but they don't know what they are doing. You know (R1, R2) were screaming because you could hear them (R1, R2) over everybody else. I think I learned some new words that night. Not good ones if you know what I mean. I wasn't scared or anything, but it would be nice just to eat my dinner in peace.</p> <p>On 10/10/24 at 1:15 PM R6 stated (R1) started yelling at (R3). (R3) was sitting at another table. (R2) yelled at (R1) then (R2) got up from the table, walked over to (R1) and hit (R1). They (R1, R2) were calling each other bad names. They (R1, R2) were calling each other f***** r***** (expletives). I don't sit with them (R1, R2). I think (R4) was sitting there with them (R1, R2) too, but I don't think (R4) did or said anything. (R1) was still yelling at (R2) when the staff were trying to walk him out (of the dining room). (R2) sat back down but then he got up and tried to walk toward (R1) again but the staff got him settled down again.</p> <p>On 10/10/24 at 12:00 PM V4 Licensed Practical Nurse (LPN) stated V4 did not see the initial part of the interaction between R1 and R2. V4 stated, I was at my medication cart near the dining room and heard the commotion. By the time I got into the dining room, I did see (R2) stand up and try to hit (R1). (R1, R2) were yelling at each other. Staff intervened and removed (R1) from the dining room.</p> <p>On 10/10/24 at 1:20 PM V8 Resident Care Coordinator (RCC)/Licensed Practical Nurse (LPN) stated V8 did not witness the beginning of the altercation between R1 and R2. V8 stated, I was on my way out of the building, so I was walking by the dining room area. I heard (R1) say something to (R2) and then saw (R2) get up and tried to hit (R1). I was too far away to see if (R2) actually made contact with (R1) but he could have.</p> <p>On 10/10/24 at 3:30 PM V10 Certified Nurse Aide (CNA) stated V9 and V10 CNA's were passing dinner trays in the dining room on 9/24/24. V10 stated she heard (R2) yelling at (R1). V10 stated, By the time I got over to their (R1, R2) table, (R2) was standing up and walked over to (R1) and started hitting (R1). I stood in between (R1, R2) to prevent any more hitting. I was scared to do that, but I knew it was best for (R1, R2) to not get hurt. I knew I needed to break up the fight. I walked (R1) out of the dining room after (V9) CNA assisted (R2). (R1, R2) were yelling at each other as I was walking (R1) out of the dining area. This isn't the first time (R1) has had issues. They (facility) separated (R1) and (R3) a while back because (R1) was yelling at (R3). I am just glad no one got hurt.</p> <p>(continued on next page)</p>
