R4 said his niece brought the ten-dollar bill in with two packs of cigarettes and left it on his bedside table. R4 said he was half asleep and when he woke up the $10 bill was gone, and the cigarettes were still there. R4 said his niece later confirmed it was a $10 bill that she had left. R4 said he reported it to V1, Administrator. Staff came in his room to look for the money but did not find it. R4 said he is not sure if they told the police, but police never spoke to him about it. R4 said his niece brought him a pack of cigarettes and either $10 or $20. V17 said she and R4 went to his room and looked for the money. V17 said she called R4's sister to try to contact R4's niece since they didn't have the niece's contact information in order to get clarification on how much money was left. V17 said she doesn't know if the allegation was ever reported to the police. V17 said when they report an incident, they bring it up to the whole IDT (interdisciplinary team), if it's a grievance it's different. V17 said if its reported, it's a full investigation with the state being notified, if it's a grievance, it's not a full investigation with the state being notified. V17 said V1does the state reporting. V17 said since they didn't have all the details for R4's allegations and couldn't get all the details from his sister, V1 said it should just be a grievance. V17 confirmed she had written (typed) a statement regarding V4's allegations on 4/29/26. V1 said R4 said he couldn't remember if it was $10 or $20. V1 said from his perspective, he feels R4 was trying to get some money, but there was no indication that there was any money to begin with, so he left the allegations as a grievance. V1 said he did not report R4's allegations to the police or the state, he just left it as a grievance.
