<p>F 0732</p> <p>Level of Harm - Minimal harm or potential for actual harm</p> <p>Residents Affected - Many</p>	<p>Post nurse staffing information every day.</p> <p>45644</p> <p>Based on observation, interview and record review, the facility failed to post the daily nursing staffing. This failure has the potential to affect all 109 residents residing in the facility.</p> <p>Findings include:</p> <p>On 11/12/24 V1 (Administrator) present facility's census of 109 residents.</p> <p>On 11/12/24 at 9:30 am, upon entrance to the facility, the facility's daily staff posting was not observed posted in the lobby of the facility.</p> <p>On 11/12/24 at 11:40 am, received the daily staff posting sheet from V11 (Staffing Coordinator). The sheet did not include the resident's census and the nursing staff hours.</p> <p>On 11/12/24 at 9:50 am V1 (Administrator) stated that the daily staffing sheet should be posted in the front, but it is not there. I don't believe it has been there, but we are working on it.</p> <p>On 11/13/24 at 12:40 pm, V1 (Administrator) stated that. The scheduler brought me some posting and it was not right with the information that is required to be on it. What she gave you yesterday was wrong it did not have the census and hours. The reason for having the staffing posting in the lobby is because it is required and visible for residents and visitors. Stated census is 109 today.</p> <p>On 11/13/24 at 12:00 pm, V11 Staffing coordinator stated the staffing posting is supposed to be in the lobby and be visible. V11 stated that it should be visible for people could know the census and the coverage we have in the building. On the weekend I leave it with the receptionist in a binder. The census and total hours should be on the sheet.</p> <p>On 11/13/24 at 2:22 pm, V24 Receptionist stated, I been here for 3 months. I was not familiar with the staffing daily sheet being posted in the lobby. I did not know what you were talking about when you came in yesterday and asked about the staffing sheet. That was the first time I saw it when they posted it yesterday. I will be responsible for making sure it is posted daily.</p> <p>(continued on next page)</p>

Any deficiency statement ending with an asterisk (\*) denotes a deficiency which the institution may be excused from correcting providing it is determined that other safeguards provide sufficient protection to the patients. (See instructions.) Except for nursing homes, the findings stated above are disclosable 90 days following the date of survey whether or not a plan of correction is provided. For nursing homes, the above findings and plans of correction are disclosable 14 days following the date these documents are made available to the facility. If deficiencies are cited, an approved plan of correction is requisite to continued program participation.
