NAME OF PROVIDER OR SUPPLIER Maryland Masonic Homes Ltd		STREET ADDRESS, CITY, STATE, ZIP CODE 300 International Circle Cockeysville, MD 21030	
For information on the nursing home's plan to correct this deficiency, please contact the nursing home or the state survey agency.			
(X4) ID PREFIX TAG	SUMMARY STATEMENT OF DEFICIENCIES (Each deficiency must be preceded by full regulatory or LSC identifying information)		
F 0658 Level of Harm - Minimal harm or potential for actual harm Residents Affected - Few	Ensure services provided by the nursing facility meet professional standards of quality. **NOTE- TERMS IN BRACKETS HAVE BEEN EDITED TO PROTECT CONFIDENTIALITY** Based on review of complaint #2979118, resident records, and staff interviews, it was determined that the facility failed to adhere to professional standards of practice when ordering medications for newly admitted residents. This was found to be evident for 1 (#78) out of 1 resident reviewed for medications during the annual recertification survey. The findings include: On 06/25/2026 at 1:07 PM, the surveyor reviewed complaint #2979118. Complaint #2979118 indicated that when Resident #78 was admitted to the facility, he/she was denied medications for over seven hours. On 06/30/2026 at 7:20 AM, the surveyor conducted a resident record review. During the resident record review, progress note, dated 3/12/26, revealed that Resident #78 arrived at the facility on 03/12/2026 at 7:49 PM. On 06/30/2026 at 7:25 AM, the surveyor conducted a resident record review. During the resident record review, Resident #78's N Adv - Clinical admission form, dated 3/12/26, revealed that Resident #78's clinical admission was completed on 3/12/26 at 7:57 PM. On 06/30/2026 at 9:34 AM, the surveyor conducted a resident record review. The resident record review revealed that there is a Nurse's note Progress note, dated 03/13/2026 at 2:02 AM, which indicates that Resident #78 complained that during the 3 - 11 PM shift on 03/12/2026, Licensed Practical Nurse (LPN) #8 was unable to provide pain medication to Resident #78 when requested. The Nurse's Note progress note also indicates that Resident #78 also complained that, during the 3 - 11 PM on 03/12/2026, he/she was told by LPN #8 that the pain medication was unavailable and would be delivered on the next shift. On 06/30/2026 at 9:51 AM, the surveyor interviewed the Clinical Manager (CM) #9 for the Baltimore Unit. During the staff interview, the CM #9 mentioned that when a resident is admitted, the nurse should call pharmacy if they need a medication right away, and pharmacy will have the medication available within four hours. On 06/30/2026 at 11:02 AM, the surveyor interviewed LPN #6. During the staff interview, LPN #6 mentioned that Resident #78 complained about being in pain. LPN #6 also mentioned that Resident #78 complained about LPN #8 not providing him/her with Oxycodone HCl Oral Tablet 10 MG when he/she requested it during the 3 - 11 PM shift on 03/12/2026. LPN #6 mentioned that Resident #78 stated that LPN #8 mentioned that the Oxycodone HCl Oral Tablet 10 MG, PRN was not available and that pharmacy would deliver it on the 11 PM - 7 AM shift. LPN #6 mentioned that she called pharmacy to get Oxycodone HCl Oral Tablet 10 MG released so she could administer it to Resident #78. Also, LPN #6 mentioned that after contacting pharmacy, the Oxycodone HCl Oral Tablet 10 MG, PRN was available within 20 minutes and was administered to Resident #78 around 2:00 AM on 03/13/2026. On 06/30/2026 at 11:14 AM, the surveyor conducted a resident record review. The resident record review revealed that according to Resident #78's March 2026 Medication Administration Record, Resident #78 did not receive the following medications on 3/12/26: Montelukast Sodium Oral Tablet 10 MG at bedtime for asthma, which was scheduled for 8:00 PM-Atorvastatin Calcium Tablet 40 MG at bedtime for hyperlipidemia, which was scheduled for 8:00 PM-GlycoLax Powder 17 grams for constipation, which was scheduled for 8:00 PM-Senna-S Oral Tablet 8.6-50 MG for bowel regimen, which was scheduled for 8:00 PM-Acetaminophen Extra Strength Tablet 500 MG for pain, which was scheduled for 10:00 PM-Gabapentin Capsule 100 MG for neuropathy pain, which was scheduled for 10:00 PM-Tizanidine HCl Tablet 2 MG for muscle relaxant, (continued on next page)		

Any deficiency statement ending with an asterisk (*) denotes a deficiency which the institution may be excused from correcting providing it is determined that other safeguards provide sufficient protection to the patients. (See instructions.) Except for nursing homes, the findings stated above are disclosable 90 days following the date of survey whether or not a plan of correction is provided. For nursing homes, the above findings and plans of correction are disclosable 14 days following the date these documents are made available to the facility. If deficiencies are cited, an approved plan of correction is requisite to continued program participation.

(X4) ID PREFIX TAG	SUMMARY STATEMENT OF DEFICIENCIES (Each deficiency must be preceded by full regulatory or LSC identifying information)		
F 0658 Level of Harm - Minimal harm or potential for actual harm Residents Affected - Few	which was scheduled for 10:00 PM On 06/30/2026 at 11:22 AM, the surveyor conducted a resident record review. The resident record review revealed that there is an Orders - Administration Note progress note written by LPN #8, dated 3/12/26 at 11:10 PM, which states that the facility is awaiting on pharmacy to deliver Atorvastatin Calcium Tablet 40 MG so it can be administered to Resident #78. On 06/30/2026 at 11:23 AM, the surveyor conducted a resident record review. The resident record review revealed that there is an Orders - Administration Note progress note written by LPN #8, dated 3/12/26 at 11:11 PM, which states that the facility is awaiting on pharmacy to deliver Senna-S Oral Tablet 8.6-50 MG so it can be administered to Resident #78. On 06/30/2026 at 11:24 AM, the surveyor conducted a resident record review. The resident record review revealed that there is an Orders - Administration Note progress note written by LPN #8, dated 3/12/26 at 11:11 PM, which states that the facility is awaiting on pharmacy to deliver Montelukast Sodium Oral Tablet 10 MG so it can be administered to Resident #78. On 06/30/2026 at 11:25 AM, the surveyor conducted a resident record review. The resident record review revealed that there is an Orders - Administration Note progress note written by LPN #8, dated 3/12/26 at 11:11 PM, which states that the facility is awaiting on pharmacy to deliver GlycoLax Powder 17 grams so it can be administered to Resident #78. On 06/30/2026 at 11:26 AM, the surveyor conducted a resident record review. The resident record review revealed that there is an Orders - Administration Note progress note written by LPN #8, dated 3/12/26 at 11:12 PM, which states that the facility is awaiting on pharmacy to deliver Tizanidine HCl Tablet 2 MG so it can be administered to Resident #78. On 06/30/2026 at 11:27 AM, the surveyor conducted a resident record review. The resident record review revealed that there is an Orders - Administration Note progress note written by LPN #8, dated 3/12/26 at 11:12 PM, which states that the facility is awaiting on pharmacy to deliver Gabapentin Capsule 100 MG so it can be administered to Resident #78. On 06/30/2026 at 11:28 AM, the surveyor conducted a resident record review. The resident record review revealed that there is an Orders - Administration Note progress note written by LPN #8, dated 3/12/26 at 11:12 PM, which states that the facility is awaiting on pharmacy to deliver Acetaminophen Extra Strength Tablet 500 MG so it can be administered to Resident #78. On 06/30/2026 at 11:29 AM, the surveyor conducted a resident record review. The resident record review revealed that there is an Orders - Administration Note progress note written by LPN #8, dated 3/13/26 at 11:12 PM, which states that the facility is awaiting on pharmacy to deliver Oxycodone HCl Oral Tablet 10 MG, PRN so it can be administered to Resident #78. On 06/30/2026 at 11:32 AM, the surveyor interviewed the Director of Nursing (DON) #2. During the facility staff interview, the DON #2 indicated that when Resident #78 was admitted to the facility, LPN #8 did not enter Resident #78's medication orders as STAT medication orders. The DON #2 mentioned that when a medication order is entered as a STAT medication order, the medication will be delivered to the facility within four hours. The surveyor asked the DON #2 what is the expectation of the nurse when entering medication orders for newly admitted residents. The DON #2 stated that the expectation is to enter the newly admitted resident's medication orders as STAT medication orders. On 06/30/2026 at 12:01 PM, the surveyor interviewed the Nurse Account Manager ([NAME]) #10. During the facility staff interview, the [NAME] #10 mentioned that if a medication order requires backup or immediate dosing and if the medication is available at the facility, the nurse will need to call pharmacy. Once the nurse calls pharmacy and they receive the order, pharmacy will send a code to nurse. Once the nurse has the code, the nurse will have immediate access to the medication in the Cubex.
