NAME OF PROVIDER OR SUPPLIER Chariton Park Health Care Center		STREET ADDRESS, CITY, STATE, ZIP CODE 902 Manor Drive Salisbury, MO 65281	

For information on the nursing home's plan to correct this deficiency, please contact the nursing home or the state survey agency.

(X4) ID PREFIX TAG	SUMMARY STATEMENT OF DEFICIENCIES (Each deficiency must be preceded by full regulatory or LSC identifying information)
<p>F 0580</p> <p>Level of Harm - Minimal harm or potential for actual harm</p> <p>Residents Affected - Few</p>	<p>Immediately tell the resident, the resident's doctor, and a family member of situations (injury/decline/room, etc.) that affect the resident.</p> <p>Based on interview and record review, the facility failed to ensure staff notified one resident's (Resident #8) physician and nurse practitioner who worked in collaboration with the physician, and the resident's representative when the resident refused an ordered diagnostic procedure, experienced weight loss and had low blood pressure readings, in a review of seven sampled residents and two closed records .The facility census was 115.</p> <p>Review of the facility policy titled, Notification of Changes Policy, dated 5/14/24 showed the following:</p> <ul style="list-style-type: none"> -The purpose of this policy is to ensure the facility promptly informs the resident, consult's the resident's physician, and notifies, consistent with his or her authority, the resident's representative when there is a change requiring notification; -Need to alter treatment significantly means a need to stop a form of treatment because of adverse consequences (such as adverse drug reaction), or commence a new form of treatment to deal with a problem (for example, the use of any medical procedure, or therapy that has not been used on that resident before); -Circumstances requiring notification included a significant change in the resident's physical, mental or psychosocial condition such as deterioration in health, mental, or psychosocial status. This may include clinical complications; -Circumstances that require a need to alter treatment may include; -New treatment; -Discontinuation of current treatment due to an acute condition or exacerbation of a chronic condition; -For residents incapable of making decisions, the representative would make any decisions that have to be made. <p>Review of the facility policy titled, Notifying Clinicians Policy, revised 6/26/24 showed the following:</p> <p>(continued on next page)</p>

Any deficiency statement ending with an asterisk (*) denotes a deficiency which the institution may be excused from correcting providing it is determined that other safeguards provide sufficient protection to the patients. (See instructions.) Except for nursing homes, the findings stated above are disclosable 90 days following the date of survey whether or not a plan of correction is provided. For nursing homes, the above findings and plans of correction are disclosable 14 days following the date these documents are made available to the facility. If deficiencies are cited, an approved plan of correction is requisite to continued program participation.
