(X4) ID PREFIX TAG	SUMMARY STATEMENT OF DEFICIENCIES (Each deficiency must be preceded by full regulatory or LSC identifying information)		
F 0812  Level of Harm - Minimal harm or potential for actual harm  Residents Affected - Many	Procure food from sources approved or considered satisfactory and store, prepare, distribute and serve food in accordance with professional standards.  Based on observation, record review, and interview, the facility failed to store, prepare, distribute, and serve food in accordance with professional standards for food service safety and in manner that protects if from possible contamination when multiple staff failed to wear hair nets and facial hair nets while in the kitchen during meal preparation and meal service. The facility census was 37. Review of the facility policy, dated 06/30/25, titled Dietary Employee Personal Hygiene, showed the following:-All dietary staff must wear hair restraints to prevent hair from contacting food;-Hair restraints include hair net, hat, and/or beard restraint. Review of the most recent revision, dated 01/18/23, of the United States Food and Drug Administration (FDA) Food Code 2022, showed food employees shall wear hair restraints such as hats, hair coverings or nets, beard restraints, and clothing that covers body hair, that are designed and worn to effectively keep their hair from contacting exposed food. 1. Observation 03/04/26, at 10:45 A.M., showed [NAME] A in kitchen preparing food for lunch, with hair net on and no facial net to cover facial hair of greater than 1/2 inch in length. Observation 03/04/26, at 12:00 P.M., during lunch meal serve out, showed the following:-Certified Nurse Aide (CNA) G applied a hair net to his/her head but did not apply a facial hair net with facial hair greater than 1/2 inch in length. The aide entered the kitchen to obtain milk and washed hands at sink behind the serve out line;-Nurse Aide (NA) E washed hands at sink behind the serve out line multiple times and opened kitchen entry to request additional items multiple times. The NA did not have a hair net over his/her head or facial hair net on face, with facial hair of greater than 1/2 inch in length;-Dietary Aide (DA) C in the kitchen preparing items and at the serving line and preparing resident meal plates for the lunch serve out meal. He/she had a ball cap covering his/her head, with no facial hair net on, with facial hair of greater than 1/2 inch in length;-Cook B in the kitchen with ball cap covering his/her head, with no facial hair net on face, with facial hair of greater than 1/2 inch in length, preparing food in the kitchen and cooking food at the grill and bringing grilled items out to the serving line;-Cook A in the kitchen preparing food and working with food, with hair net on his/her head and no facial hair net covering face, with facial hair of greater than 1/2 inch in length. During an interview on 03/04/26, at 1:00 P.M., the Dietary Manager (DM) said that all staff that pass the line on the floor where the tile changes color at the serve out counter, and when entering into the serving area and kitchen area, should be wearing hair nets at all times, but especially when food is being prepared. Staff should not enter the kitchen or serve out area with food in active service without a hair net on. He/she said the staff should wear facial hair nets if they have facial hair. Currently, the supply vendor did not have beard nets available. He/she was unable to get beard nets at this time. During an interview on 03/04/26, at 1:20 P.M., NA E said he/she was initially hired as a dietary aide and was transitioning to nursing staff. When starting a work day in the kitchen he/she would put on a hair net and wash his/her hands. He/she should have put on a hair net when going behind the serving line today. During an interview on 03/04/26, at 1:30 P.M., CNA F said that staff should wear hair nets when pass they kitchen door and should be worn at all times in the kitchen. Technically staff with facial hair should have on a facial hair net. During an interview and observation on 03/04/26, at 1:45 P.M., [NAME] B wore a ball cap on his/her head, with no facial hair net on face, (continued on next page)		

Any deficiency statement ending with an asterisk (\*) denotes a deficiency which the institution may be excused from correcting providing it is determined that other safeguards provide sufficient protection to the patients. (See instructions.) Except for nursing homes, the findings stated above are disclosable 90 days following the date of survey whether or not a plan of correction is provided. For nursing homes, the above findings and plans of correction are disclosable 14 days following the date these documents are made available to the facility. If deficiencies are cited, an approved plan of correction is requisite to continued program participation.

<p>F 0812</p> <p>Level of Harm - Minimal harm or potential for actual harm</p> <p>Residents Affected - Many</p>	<p>and had facial hair of greater than 1/2 inch in the kitchen preparing for the evening meal. He/she said should be wearing a facial hair net, but the facility did not have any available. During an interview and observation on 03/04/26, at 1:55 P.M., [NAME] A was in the kitchen cleaning up after the lunch meal, with a hair net cover head but no facial hair net with facial hair of greater than 1/2 inch. He/she said that staff should always wear a hair net when in the kitchen and at the serving line. He/she said there were no facial hair nets available but they had been in use in the past. During an interview on 03/04/26, at 2:20 P.M., the Director of Nursing (DON) said that any staff that walk past the front counter, including the sink, should have hair nets and facial hair nets if needed. He/she was used to working in the kitchen and thought about putting on a hair net but then got sidetracked with resident assistance and then went behind the serve out line to wash hands and get additional items from kitchen staff. During an interview on 03/04/26, at 3:05 P.M., the Administrator said staff should wear hair nets any time they are doing meal preparation in the kitchen and at the serve out line. The staff should wear a facial hair net if the facial hair was over a certain length, 1/4 to 1/2 inch or greater. Complaint #2791188</p>
