<p>F 0812</p> <p>Level of Harm - Minimal harm or potential for actual harm</p> <p>Residents Affected - Many</p>	<p>Based on observations, record review, and staff interviews, the facility failed to keep food preparation areas and food service equipment clean, free from debris, grease buildup, and/or dried spills during two kitchen observations. In addition, the facility failed to clean the ceiling vents located over the food preparation and food service areas. These practices had the potential to affect food served to residents. The findings included: During a kitchen tour on 7/21/25 at 10:44 AM, the following observations were made with the kitchen Supervisor and Dining Service Director: a. Stove #1 had six (6) burners that had heavy grease build-up on the stove burners, walls behind the stove, and front of the stove. There were large amounts of burnt food, dried, encrusted, liquid splatters throughout the stove area. b. Stove #2 had twelve (12) burners that had heavy grease build-up on the stove burners, walls behind the stove, and front of the stove. There were large amounts of burnt foods, dried, encrusted, liquid and splatters throughout the stove area. c. The two plate warmers had two rows of clean plates stored inside the warmer. The inside of warmer had dried liquid spills and food particles inside and dried liquid spills on the outside. The inside also had old food crumbs all around. d. The deep fryer had dried brown/yellow matter encrusted on the inside and outside edges. The fryer had heavy grease and food build-up inside and outside the unit and food particles were observed behind the fryer. e. The 15 ceiling vents had large volumes of black dust/debris blowing over blowing over the steam table, clean dry dishware storage racks, food service and preparation surfaces. f. The inside and outside of the hot box had dried food and liquids. g. The floors under the stoves, oven, prep tables, steam tables were dirty, sticky with old food debris. An interview was conducted on 7/21/24 at 11:18 AM, Kitchen Supervisor and Dining Service Director stated the kitchen staff were required to wipe down kitchen equipment after each meal and deep cleaned weekly in accordance with the kitchen cleaning checklist. The Dining Service Director and Kitchen Supervisor further stated they were responsible for ensuring the kitchen staff kept the equipment clean and orderly. The Dining Supervisor and Kitchen Supervisor acknowledged the identified kitchen equipment, ceiling vents had not been cleaned in accordance with the checklist. The Kitchen Supervisor stated all cleaning checklists and responsibilities would be updated and available for all kitchen staff. Review of the undated kitchen checklist provided on 7/22/25 revealed cleaning and wiping down steam tables, sweeping/mopping floors, cleaning refrigerators and meal carts. There was no indication on the checklist that the identified kitchen equipment was deep cleaned or just wiped down. An interview was conducted on 7/22/25 at 12:27 PM with Dining Service Director stated the cleaning checklist was done on a 5-week schedule which included a variety of cleaning tasks for the kitchen equipment. He stated once the weekly cleaning list was completed and checked by the Kitchen Supervisor and himself the information was discarded. He stated he did not have any documentation for the cleaning checklist for the past 5 weeks. The Dining Service Director confirmed the identified observations of the kitchen equipment, and the ceiling vents needed to be cleaned. He also stated the staff were expected to clean the kitchen equipment in accordance with the kitchen checklist. He reviewed the current kitchen checklist and confirmed there were no specific areas for staff to sign off and the responsibilities were completed after each shift. He further stated there should not be any heavy buildup of grease or dried debris on kitchen equipment. The Dining Service Director further stated he was responsible for ensuring the kitchen staff kept the equipment clean and orderly. He indicated he would be adding the cleaning of the kitchen vents to the newly developed checklist and maintaining records weekly. A follow-up observation in conjunction with an interview was conducted on 7/24/25 at 11:25 AM with the Director of Dining Service who stated all the identified areas on 7/21/25 were currently being worked on and a deep cleaning checklist for kitchen equipment and the vents will be developed immediately. An interview was conducted on 7/2/24 at 12:10 PM, the Administrator stated the Kitchen Supervisor and Dining Service Director were responsible for ensuring the kitchen was cleaned and maintained. The Administrator stated the expectation would be for the Kitchen Supervisor and Dining Service Director to ensure all kitchen cleaning protocols were in place and followed in accordance with kitchen sanitation guidelines.</p>
