<p>F 0600</p> <p>Level of Harm - Actual harm</p> <p>Residents Affected - Few</p>	<p>The facility reported incident investigation, dated 05/28/25, stated, . [nurse's name] was informed by [Certified nurse aide (CNA) #1] at 9 AM on 05/25/25 that [Resident #3] was complaining about her foot hurting during a hooyer lift transfer from her bed prior to her bath and during her bath. [Nurse name] then assed [sic] resident's right ankle as the CNA notice swelling with no visible signs of bruising. Per [nurse's name] resident did not appear in any pain unless her right ankle was physically touched. [Nurse's name] did question resident at time of assessment where she thinks she may have obtained her injury. She reported to this nurse that she fell this AM. She reported a CNA had transferred her without using her correct lift and dropped her. She was unable to state how she got back to bed. She pointed at a CNA in the room [CNA #1's name]. [CNA #1] stated that she did not drop her. Upon questioning [CNA #3's name], who worked . the evening before the event . [CNA #3] stated . she assisted her [Resident #3] to bed via hooyer lift around 8:00 PM . It was validated on video that [CNA #3] did go into residents' room during the evening hours with hooyer lift and brought it out after cares. Both [CNA #3's name and CNA #1's name] were suspended . It is the facilities responsibility to have 2 staff assist with hooyer transfers. it's inconclusive of what occurred or that any willful neglect and/or abuse occurred.</p> <p>A physician's progress note, dated 05/27/25, stated, [Right] ankle pain [and]swelling. New over weekend. Resident reporting possible fall but resident is a hooyer transfer [with] [left] side paralysis post CVA [stroke]. Another note dated the same day, stated, Per my review, appears to have hairline fracture of R) [right] distal fibula, as well as possible hairline fracture of proximal 5th metatarsal.</p> <p>During an interview on 06/04/25 at 2:50 p.m., an administrative nurse (#4) stated on the evening of 05/25/25 the CNA (#3) transferred Resident #3 to bed with the lift by herself, and the CNA (#1) on the day shift of 05/26/25 confirmed she transferred the resident with the Hoyer lift without a second staff present. The CNA (#1) denied dropping her or bumping her leg on anything.</p> <p>The facility failed to ensure two staff assisted while transferring Resident #3 with a mechanical lift.</p> <p>Based on the following information, non-compliance at F600 is considered past non-compliance. The facility implemented corrective actions for all residents who may be affected by the deficient practice as follows:</p> <ul style="list-style-type: none"> * Completed an investigation into Resident #3's ankle fracture. * Both CNAs were suspended from work until completion of the investigation and then terminated. * Re-education regarding following residents' care plans for method of transfer and use of two staff members for Hoyer transfers sent via Smartlinx (electronic) message to all staff and a memo to all nursing staff at nurses' stations on 05/27/25 and again on 06/03/25. * Staff required to sign they received and read the above education. * Orientation for all agency staff included resident transfer methods.
