For information on the nursing home's plan to correct this deficiency, please contact the nursing home or the state survey agency.

(X4) ID PREFIX TAG	SUMMARY STATEMENT OF DEFICIENCIES (Each deficiency must be preceded by full regulatory or LSC identifying information)
<p>F 0584</p> <p>Level of Harm - Minimal harm or potential for actual harm</p> <p>Residents Affected - Some</p>	<p>Honor the resident's right to a safe, clean, comfortable and homelike environment, including but not limited to receiving treatment and supports for daily living safely.</p> <p>Based on observation, staff interview and facility policy review, the facility failed to maintain a clean and sanitary environment. This affected six (Residents #2, #38, #67, #94, #102, and #116) of 108 residents reviewed for environment. The facility census was 108. Findings include: 1. Observation and interview on 07/31/25 at 11:31 A.M. in Residents #94 and #67's room revealed an unknown liquid on the bathroom floor around the toilet. The bathroom had a strong odor of urine. The flooring around toilet had a black stain around seal of toilet. The walls and ceiling of the bathroom had visible dirt and debris. The toilet was continuously running. Resident #94 stated the toilet was always running and the bathroom always smelled. Interview on 07/31/25 at 11:45 A.M. with Certified Nurse Aide (CNA) #583 confirmed unknown liquid on the floor and she stated Resident #67 urinates on the floor in the bathroom. Interview and observation on 07/31/25 at 12:10 P.M. with Maintenance Director #539 revealed Resident #67 urinates on the bathroom floor. He stated they have new tiles for the bathroom, but they have to shut down the bathroom in the room and have not done that yet. He wiped up the unknown liquid with a white washcloth which revealed a brown yellowish tint but could not confirm if this was dirt from the floor or urine. Observation on 08/04/25 at 9:40 A.M. of Residents #94 and #67's room revealed a strong smell of urine in the bathroom. Interview and observation on 08/05/25 at 9:03 A.M. with CNA #576 in Residents #94 and #67's bathroom revealed a strong smell or urine with urine of the floor in front of the toilet and an unknown brown liquid dripping down the side of the toilet. CNA #576 confirmed observation and cleaned bathroom. 2. Observation on 07/31/25 at 4:41 P.M. of Residents #2 and 102's bathroom revealed unknown liquid on the floor in front and behind the toilet and on the toilet seat with a very strong odor of urine. Interview and observation on 07/31/25 at 4:45 P.M. with Maintenance Director #539 in Residents #2 and 102's bathroom confirmed above finding. He used a white washcloth to wipe up the liquid which was yellow and confirmed it was urine. He had checked the toilets for leaks as well and did not find any. 3. Observation and interview on 08/05/25 at 3:15 P.M. with Resident #38 revealed floor trim unattached to floor and in middle of the bathroom floor. The toilet was running and Resident #38 said it constantly runs. Observation and interview on 08/04/25 at 4:33 P.M. with Licensed Practical Nurse (LPN) #545 of Resident #38 bathroom and confirmed unattached trim and running toilet. 4. Observation and interview on 08/05/25 at 4:04 P.M. of Resident #116 room revealed an extremely strong odor of garbage and stale cigarettes that could be smelled from the hallway. Resident #116 was not aware of what the smell was. Observation and interview on 08/06/25 at 4:04 P.M. with Resident #116 revealed a plastic clear garbage bag filled with clothes on the floor. Resident #116 stated he thinks someone brought them into his room yesterday and they were clean clothes. At this time LPN #581 came into room and confirmed observation of bag of clothes. LPN #581 stated they were dirty clothes and removed them from the room. Review of the facility policy titled Laundry Handling & Processing Policy, last reviewed date of 02/01/25, revealed Employees should collect soiled linens from resident/patient rooms throughout the day. This deficiency represents noncompliance investigated under Complaint Number 1358203 (OH00163378).</p>

Any deficiency statement ending with an asterisk (*) denotes a deficiency which the institution may be excused from correcting providing it is determined that other safeguards provide sufficient protection to the patients. (See instructions.) Except for nursing homes, the findings stated above are disclosable 90 days following the date of survey whether or not a plan of correction is provided. For nursing homes, the above findings and plans of correction are disclosable 14 days following the date these documents are made available to the facility. If deficiencies are cited, an approved plan of correction is requisite to continued program participation.
