(X4) ID PREFIX TAG	SUMMARY STATEMENT OF DEFICIENCIES (Each deficiency must be preceded by full regulatory or LSC identifying information)
F 0842 Level of Harm - Minimal harm or potential for actual harm Residents Affected - Few	Safeguard resident-identifiable information and/or maintain medical records on each resident that are in accordance with accepted professional standards. **NOTE- TERMS IN BRACKETS HAVE BEEN EDITED TO PROTECT CONFIDENTIALITY** 43923 Based on clinical record review, facility policy, resident and staff interview, it was determined that the facility failed to ensure complete and accurate medication administration for one of 2 residents reviewed (Resident R2). Findings include: The Facility Policy titled Administering Medication dated 2021, revealed Mediations are administered in a safe and timely manner, and as prescribed. It further under policy interpretation and implementation 4. states Medications are administered in accordance with prescriber orders, including any required time frame . A review of the clinical record for Resident R2 revealed an admitted [DATE], with a diagnosis of Type 2 diabetes mellitus without complications and long-term use of insulin. A review of the physician orders dated July 18, 2024, revealed a NovoLOG FlexPen Subcutaneous Solution Pen-injector 100 Unit/ml (insulin Aspart) Inject 10 unit subcutaneously before meals for dm (diabetes mellitus) at 8:00 a.m., 11:00 a.m., 4:00 p.m. On March 12, 2025, at 10:19 a.m. an interview with Resident R2 revealed that on March 6, 2025, and March 9, 2025, during the afternoon medication pass a license nurse, Employee E4 was not aware of how much insulin Resident R2 was supposed to get. I had to tell her that I get 10 units, and she eventually gave me proper amount. A review of the Medication Administration Report (MAR) showed that March 6, 2025, and March 9, 2025, at 4:00 p.m. revealed that insulin Aspart was not documented as administered. On March 12, 2025, at 1:54 p.m., a telephone interview with Licensed Nurse, Employee E4, revealed that medication was administered to Resident R2 on both March 6 and 9, 2025; however, it was not documented. When asked why the documentation did not reflect this, Employee E4 responded, I don't know. On March 12, 2025, at 2:42 p.m. an interview with the Director of Nursing, Employee E2 confirmed that insulin medication was not appropriately documented for March 6, 9, 2025. 28 Pa.
