(X4) ID PREFIX TAG	SUMMARY STATEMENT OF DEFICIENCIES (Each deficiency must be preceded by full regulatory or LSC identifying information)
<p>F 0583</p> <p>Level of Harm - Minimal harm or potential for actual harm</p> <p>Residents Affected - Few</p>	<p>Keep residents' personal and medical records private and confidential.</p> <p>**NOTE- TERMS IN BRACKETS HAVE BEEN EDITED TO PROTECT CONFIDENTIALITY** 46235</p> <p>Based on observation, interview, and record review the facility failed to protect residents' privacy for two of 9 residents reviewed for privacy when male and female residents shared a shower and bathrooms in their room (Resident 5 and 6).</p> <p>As a result, Residents 5 and 6 felt uncomfortable using the bathroom.</p> <p>Findings:</p> <p>Resident 5 was admitted to the facility on [DATE] with diagnoses including need for assistance with personal care according to the facility's Admission Record.</p> <p>The Admission MDS (a clinical assessment tool) dated 3/21/24, listed Resident 5's cognitive score of 13, indicating cognition was intact.</p> <p>During an observation and interview on 5/9/24, at 10:17 A.M. with Resident 5, Resident 5 stated his bathroom in the room was shared with female residents. Resident 5 walked to the bathroom and showed a shower curtain which separated the female and the male side of the bathroom. The female side had a toilet and a sink. The male side had a walk-in shower, toilet, and sink. Resident 5 stated the shower curtain was short and it did not pull all the way to fully close when he was in the shower. The shower curtain was observed to be approximately 12 inches short. Resident 5 stated he wanted privacy because he was uncomfortable being exposed during shower.</p> <p>Resident 6 was admitted to the facility on [DATE] with diagnoses including abnormalities of gait (walking) and mobility according to the facility's Admission Record.</p> <p>The Admission MDS dated [DATE] indicated Resident 6's cognitive score of 14, cognition was intact.</p> <p>During an observation and interview on 5/9/24, at 10:38 A.M. with Resident 6, Resident 6 stated she did not know she had a shared bathroom in her room with male residents. Resident 6 stated she preferred not to share bathroom with male residents whom she did not know. Resident 6 further stated she was uncomfortable sharing with males and wanted privacy.</p> <p>An interview was conducted on 5/9/24, at 10:50 A.M. with certified nurse assistant (CNA) 2. CNA 2 stated female and male residents should not share bathrooms because they needed privacy. CNA 2 further stated she would not want female residents to share a bathroom with a male.</p> <p>(continued on next page)</p>

Any deficiency statement ending with an asterisk (*) denotes a deficiency which the institution may be excused from correcting providing it is determined that other safeguards provide sufficient protection to the patients. (See instructions.) Except for nursing homes, the findings stated above are disclosable 90 days following the date of survey whether or not a plan of correction is provided. For nursing homes, the above findings and plans of correction are disclosable 14 days following the date these documents are made available to the facility. If deficiencies are cited, an approved plan of correction is requisite to continued program participation.

(X4) ID PREFIX TAG	SUMMARY STATEMENT OF DEFICIENCIES (Each deficiency must be preceded by full regulatory or LSC identifying information)
<p>F 0583</p> <p>Level of Harm - Minimal harm or potential for actual harm</p> <p>Residents Affected - Few</p>	<p>A joint observation and interview was conducted on 5/9/24, at 10:54 A.M. with licensed nurse (LN) 2. LN 2 stated rooms [ROOM NUMBERS] also had a shared bathroom. LN 2 stated the male residents in room [ROOM NUMBER] were assisted by staff to use the bathroom and the female resident in 303A independently walked to the bathroom. LN 2 went in the shared bathroom and observed the shower curtain separating the male and female bathroom. LN 2 stated the shower curtain did not fully close and did not provide adequate privacy for residents.</p> <p>During another joint observation and interview on 5/9/24, at 11:09 A.M. with LN 3, LN 3 observed the shower curtain in the bathroom did not close fully. LN 3 stated female residents would feel uncomfortable taking a shower if a male resident was using the toilet on the other side of the bathroom.</p> <p>During an interview on 5/9/24, at 11:30 A.M. with the social service director (SSD), the SSD stated her assistant has made room changes recently and did not notice the shared bathrooms between male and female. The SSD stated female and male residents should not share bathrooms for privacy.</p> <p>An interview was conducted with the director of nurses (DON) on 5/28/24, at 3:49 P.M. The DON stated male and female residents should not share bathrooms for privacy.</p> <p>During a review of the facility's policy and procedure (P&P) titled, Resident Rights, dated December 2016, the P&P indicated, .Employees shall treat all residents with kindness, respect, and dignity .Federal and state laws guarantee certain basic rights to all residents of the facility. These rights include the resident's right to . privacy .</p>
