(X4) ID PREFIX TAG	SUMMARY STATEMENT OF DEFICIENCIES (Each deficiency must be preceded by full regulatory or LSC identifying information)
<p>F 0561</p> <p>Level of Harm - Minimal harm or potential for actual harm</p> <p>Residents Affected - Few</p>	<p>Honor the resident's right to and the facility must promote and facilitate resident self-determination through support of resident choice.</p> <p>**NOTE- TERMS IN BRACKETS HAVE BEEN EDITED TO PROTECT CONFIDENTIALITY** 47466</p> <p>Based on observation, interviews and record reviews, the facility failed to ensure Resident 1's preference for a female provider was respected.</p> <p>This failure had the potential to cause psychological effect to Resident 1.</p> <p>Findings:</p> <p>A record review of the facility ' s undated Admission Record indicated, Resident 1 was admitted to the facility on [DATE] with a diagnoses that included, Rheumatoid Arthritis (a chronic inflammatory disorder usually affecting the hands and feet) and Hemiplegia (paralysis on one side of the body) and Hemiparesis (muscle weakness on one side of the body).</p> <p>An interview on 5/19/25 at 10:28 A.M., with family member (FM) FM 1 was conducted. FM1 stated he had attended a care conference with the facility repeatedly on the same issue of not providing his mother a male certified nursing assistant (CNA) to take care of her. FM1 stated his mother does not feel comfortable with a male CNA, but the incident happened again on Thursday 5/8/25 morning and afternoon shifts. FM1 stated Resident 1 cannot recall exact times.</p> <p>An interview on 5/19/25 at 11 A.M., with Licensed Nurse (LN) LN 1 was conducted. LN 1 stated Resident 1 demanded things to be done right away and the staff tried to explain to the resident, but Resident 1 did not listen. LN 1 stated Resident 1 only preferred female staff to take care of her but sometimes it was not feasible.</p> <p>A joint interview on 5/19/25 at 11:20 A.M., with Resident 1 and Social Service Assistant (SSDA) was conducted. Resident 1 stated she wanted and trusted SSDA to interpret what she had to say, and no one else. Resident 1 stated the facility was aware she cannot have male CNAs but she had a male CNA that assisted to her care last week on a Thursday (5/15/25). Resident 1 stated she told CNA 1 she does not like to be handled by CNA 2 (male CNA), but CNA 1 responded there was no one else available right now and proceeded to pull her briefs up during a brief change in Resident 1 ' s bathroom. Resident 1 stated she did not like her skin exposed to CNA 2 and that made Resident 1 very upset, uncomfortable and did not like it.</p> <p>(continued on next page)</p>

Any deficiency statement ending with an asterisk (*) denotes a deficiency which the institution may be excused from correcting providing it is determined that other safeguards provide sufficient protection to the patients. (See instructions.) Except for nursing homes, the findings stated above are disclosable 90 days following the date of survey whether or not a plan of correction is provided. For nursing homes, the above findings and plans of correction are disclosable 14 days following the date these documents are made available to the facility. If deficiencies are cited, an approved plan of correction is requisite to continued program participation.
