STATEMENT OF DEFICIENCIES AND PLAN OF CORRECTION	(X1) PROVIDER/SUPPLIER/CLIA IDENTIFICATION NUMBER: 675602	(X2) MULTIPLE CONSTRUCTION A. Building B. Wing	(X3) DATE SURVEY COMPLETED 07/22/2026
NAME OF PROVIDER OR SUPPLIER Focused Care of Gilmer		STREET ADDRESS, CITY, STATE, ZIP CODE 623 Hwy 155n Gilmer, TX 75644	
For information on the nursing home's plan to correct this deficiency, please contact the nursing home or the state survey agency.			
(X4) ID PREFIX TAG	SUMMARY STATEMENT OF DEFICIENCIES (Each deficiency must be preceded by full regulatory or LSC identifying information)		
F 0550 Level of Harm - Minimal harm or potential for actual harm Residents Affected - Few	Honor the resident's right to a dignified existence, self-determination, communication, and to exercise his or her rights. **NOTE- TERMS IN BRACKETS HAVE BEEN EDITED TO PROTECT CONFIDENTIALITY** Based on observations, interviews, and record review the facility failed to treat each resident with respect and dignity and provide care in a manner that promotes maintenance or enhancement of his or her quality of life for 1 of 4 residents (Resident #1) reviewed for resident rights in that: The facility failed to ensure CNA A provided linen change in a respectful and dignified manner on 7/19/2026. This failure could place residents at risk for diminished quality of life, loss of dignity and self-worth. Findings included: 1. Record review of a face sheet for Resident #1 dated 7/22/2026, indicated Resident #1 was a [AGE] year-old female who was admitted on [DATE] with the diagnoses of chronic respiratory failure (a serious condition that occurs when the body cannot get enough oxygen or remove carbon dioxide effectively), Chronic obstructive pulmonary disease (a progressive lung disease that makes it difficult to breathe, primarily cause by long-term exposure to irritants like cigarette smoke or air pollution), type II diabetes (a condition that affects how the body uses insulin and sugar), and morbid obesity (a complex, multifactorial disease caused by an imbalance between calories consumed and calories expended, leading to excess fat storage). Record review of a quarterly MDS assessment dated [DATE] indicated Resident #1 was rarely or never understood and BIMS score was 6 indicating she was severely cognitively impaired. Resident #1 required maximum assistance with bathing and dressing lower body. Record review of a care plan undated indicated Resident #1 was at risk for increased falls with interventions to anticipate needs, provide prompt assistance, assure lighting is adequate and areas are free of clutter, encouraged to ask for assistance of staff, and ensure call light was answered promptly. There was not a care plan for activities of daily living. Review of a video recording dated 7/19/2026 at unknown time, observed Resident #1 lying in bed receiving care from CNA A, CNA B, and Hospitality Aide C. CNA B was observed tucking the sheet and bed pad under Resident #1's bottom and then turning Resident #1 towards her on Resident #1's right side. Hospitality Aide C assisted with lifting Resident #1's left leg as she was turned on her right side. CNA A was gathering the soiled sheets, pulling them away from Resident #1 starting at the lower in of the bed, then pulled the top part of the fitted sheet at the top right side of the bed. CNA A picked up a gray round stuffed pillow and sat it down to the right corner of the bed and continued to gather the soiled sheets. CNA A then placed the soiled sheets near the foot of the bed out of view of camera. CNA A then grabbed a package of wipes, sat them on the bed and started to attempt to roll the fitted sheet and bed pad out from under Resident #1. The gray round pillow was located at the top right corner of the bed. CNA A picked up the round gray pillow and tossed it over where it landed near Resident #1's head as she was pulling the right corner of the fitted sheet on the bed. CNA B was observed placing the round gray pillow behind Resident #1's upper back as CNA A continued to attempt to get the sheet on the right corner of the mattress. CNA B was talking to CNA A and then CNA A started removing her (continued on next page)		

Any deficiency statement ending with an asterisk (*) denotes a deficiency which the institution may be excused from correcting providing it is determined that other safeguards provide sufficient protection to the patients. (See instructions.) Except for nursing homes, the findings stated above are disclosable 90 days following the date of survey whether or not a plan of correction is provided. For nursing homes, the above findings and plans of correction are disclosable 14 days following the date these documents are made available to the facility. If deficiencies are cited, an approved plan of correction is requisite to continued program participation.

(X4) ID PREFIX TAG	SUMMARY STATEMENT OF DEFICIENCIES (Each deficiency must be preceded by full regulatory or LSC identifying information)		
F 0550 Level of Harm - Minimal harm or potential for actual harm Residents Affected - Few	PPE and gloves and exited Resident #1's room. Hospitality Aide C walked over to the left side of Resident #1's bed and was attempting to get the fitted sheet to the right corner of the mattress. During an observation and interview on 7/21/2026 at 2:57 PM, Resident #1 was sitting up in bed and had visitors. Resident #1 was clean and well-groomed with no signs of untimely care. Resident #1 denied any concerns with her care. During an interview on 7/21/2026 at 2:57 PM, Anonymous 1 and Anonymous 2 said CNA A threw a pillow at Resident #1's head. Anonymous 1 provided a review of video footage of 2 female CNAs and 1 male Hospitality aide on the video footage. Anonymous 1 said the CNA A did not need to be working at the facility and thought she had been let go. During an interview on 7/22/2026 at 12:15 PM, CNA A said she had quit after the incident on 7/19/2026. CNA A said CNA B and Hospitality Aide C were coming to assist from another hall because she needed help. CNA A said CNA B asked her why she was changing Resident #1's sheets. CNA B said it did not make sense because she had changed Resident #1's sheets earlier. CNA A said CNA B then asked her how long she had been a CNA in front of Resident #1. CNA A said she told CNA B that she had started in February. CNA A said CNA B told her she was messing things up. CNA A said she was trying to pull the sheet over and stated it was too much at once. CNA A said she then walked off. CNA A said she realized she was not professional. CNA A said everyone was talking at the desk and saying how she could not do anything right and they saw what happened on the camera. CNA A said she was advised to talk with the nurse on Monday. CNA A said she was only trying to move the pillow and CNA B had moved it out of the way. During an interview on 7/22/2026 at 3:08 PM, CNA B said she was making rounds and CNA A told her Resident #1's bed needed to be changed. CNA B said CNA A wanted a fitted sheet as the draw sheet and then got aggravated. CNA B said she rolled Resident #1 toward her as she was trying to pull the sheet and draw sheet. CNA B said CNA A tossed the pillow. CNA B said she could not recall the conversation. CNA B said she set the pillow aside and told CNA A that she did not have to be so rough. CNA B said she observed how aggravated CNA A was. CNA B said she should not have told her not to be rough in front of Resident #1. CNA B said CNA A took off her gown and walked out. CNA B said Resident #1 was fine. CNA B said she kept apologizing to Resident #1 and asked her if she was okay. CNA B said CNA A was her CNA for the night. CNA B said CNA A struggled at times and she was helping her out. CNA B said she had reported to LVN D. CNA B said she had been in-serviced on abuse, neglect and exploitation. CNA B said she was still learning how to handle things and had done construction prior to being a CNA. CNA B said if a resident was not treated with dignity and respect, it could cause the residents to be fearful of staff. CNA B said she was responsible for ensuring care was provided with dignity and respect. During an interview on 7/22/2026 at 3:19 PM, LVN D said CNA B came out and was upset reporting they were providing care and changing Resident #1 and CNA A was rough. LVN D said CNA B told CNA A to not be rough with Resident #1. LVN D said she thought CNA A had left but she was in the break room. LVN D told CNA A she had to leave and CNA A told her she was not coming back and she quit. LVN D said that was the second time she had worked with CNA A. LVN D said she reviewed the video and the care looked a little rough. LVN D said she heard the audio of CNA B telling CNA A It's ok, don't be so rough. LVN D said the next thing she saw, CNA A was removing her gown and gloves. LVN D said she saw CNA A toss the pillow up at Resident #1's head. LVN D said she had been in-serviced on abuse, neglect and exploitation. LVN D said she makes sure all staff treat residents like they are family. LVN D said if a resident was not treated with dignity and respect, it could cause a resident to not want to eat, refuse care and it could affect their trust with staff. During an interview on 7/22/2026 at 3:32 PM, the Dietary Manager said she was sitting outside smoking and she was informed by CNA B and Hospitality Aide C that CNA A had left. The Dietary Manager said she watched the video and said CNA A tossed the pillow and CNA (continued on next page)

(X4) ID PREFIX TAG	SUMMARY STATEMENT OF DEFICIENCIES (Each deficiency must be preceded by full regulatory or LSC identifying information)		
F 0550 Level of Harm - Minimal harm or potential for actual harm Residents Affected - Few	B told her she did not have to be so rough. The Dietary Manager said she reported it to the ADM and did not get a response, then called the DON immediately. The Dietary Manager said there was no harm to Resident #1. The Dietary Manager said she had been in-serviced on abuse, neglect and exploitation and the ADM was the abuse coordinator. The Dietary Manager said all staff were responsible for ensuring care was provided to the residents in a dignified manner. During an interview on 7/22/2026 at 3:59 PM, the DON said she was made aware of the incident with CNA A being rough with Resident #1 by the manager on duty. The DON said she was able to contact the ADM. The DON said CNA A was sent home. The DON said she came to the facility and spoke with Resident #1 and the RP. The DON said Resident #1 was doing good and RP shared the video for review. The DON said she thought the care was unprofessional and did not feel it was abuse. The DON said she felt it was a customer service concern. The DON said she did a customer service in-service and CNA A did not return to the facility and did not provide care to any additional residents after the incident. The DON said everyone was responsible for treating residents with dignity and respect. The DON said it could negatively affect the residents' emotional well-being. The DON said she could not hear the conversation on the video recording due to background noise and the television being on during the recording. The DON said she expected the staff to step away and not discuss concerns of care in front of the residents. During an interview on 7/22/2026 at 4:18 PM, the ADM said she watched the video recording for Resident #1. The ADM said it was hard to hear because the television was on during the recording. The ADM said she felt CNA A was unprofessional. The ADM said it did not appear to her CNA A was throwing the pillow at Resident #1. The ADM said the staff had been in-serviced on abuse, neglect and exploitation, and customer service. The ADM said CNA A quit on her own. The ADM said she expected the staff to treat residents with dignity and respect. The ADM said she was the abuse coordinator. The ADM said all staff were responsible for ensuring residents were treated with dignity and respect. The ADM said if a resident was not treated with dignity and respect, it could cause psychosocial harm. The ADM said Resident #1 had not experienced any psychosocial harm and the SW had arranged counseling as a standard after an incident. Review of a policy revised December 2016 titled Resident Rights indicated .Policy Statement.Employees shall treat all residents with kindness, respect, and dignity.Policy Interpretation and Implementation.Federal and state laws guarantee certain basic rights to all residents of this facility.These rights include the resident's right to: a. a dignified existence.b. be treated with respect, kindness, and dignity.
